TO READ PHILIPPINES:

Greetings of Peace and Love!

The Our Lady of Piat Grade School managed by the Franciscan Apostolic Sisters and the people of Piat would like to thank you again for sending us reading materials / guide .

The books are best materials for our school age children who are trained to appreciate and value the importance of books in one's life. While it is true that our institution is private, but we could not deny the reality that without help from others we could hardly afford to buy such reading materials and to make the books available to all, regardless if they are our pupils or not. Thanks to READ Philippines!

While we are lucky to receive book donation from your generosity, we pray that we will also have the chance to receive financial assistance to put up a mini library in our school because as of this time, we only use a portion of the classroom for our books...

It has been our dream to accommodate everyone, to rest for while and learn to find time to appreciate the importance of books, but we could hardly afford to put up one....

For with people with big hearts for the poor school- Thank you very much.

Mabuhay and READ, Philippines...

Sincerely yours in Christ,
